Dear Mr Thuaire,

Re: 2018/3672/P – Demolition of all existing buildings on the site and their replacement with five detached dwelling houses (Class C3) (three x part 2 part 3 storey houses at front facing Fitzroy Park and two x part 1 part 2 storey houses at rear adjoining Millfield Lane) plus associated driveways, access paths, carparking, landscaping and pond enhancements at 55 Fitzroy Park, London, N6 6JA

I write in connection with the above planning application and wish to express my support for the proposed development.

 the development to the north and I fully support this planning application.

I feel this is a well thought out design and the way that they have dealt with the views from the heath are brilliant and the houses can hardly be seen from anywhere, it feels like they are hidden houses. The applicant has dealt with my issues regarding the boundary treatment between our relevant houses and the way that the ecology has been dealt with is to be much admired.

I consider that the proposed development offers a significant visual improvement to the area of which I fully support. In particular the way they have dealt with the boundary to Millfield Lane in the removal of a revolting concrete wall and replacing it with natural hedgerow which will add to the pleasure for the thousands of people that walk down Millfield Lane.

Therefore, I offer my full support for these proposals and urge you to consider the application positively.

Yours sincerely

Leonard Lewis
