Subject: RE: 67-74 Saffron Hill urgent.

Bethany,

I expect you have had a look at the map, but I can confirm (from my own knowledge as a former resident of Saffron Hill), and from looking at the large scale map on my kitchen wall, that the building indeed faces north-west on this elevation. Unfortunately it would seem that the Inspector was mistaken on this point.

I note this application is still under consideration by Camden officers.

Best wishes,

Julian
