2019/0194/P	David Greene	28/02/2019 15:37:36	INT	Can you please forwarded me a copy of the Basement impact Report and also advise me if the Magnolia tree at the front has a TPO on it . I am very concerned that this over developement is unneccessarily endangering not only the stability of the houses adjoining but also going to aggravate the problems in that area of the water table . No. 104 is experienceing continual water ingress at the front
