Dear Laura, Apologies again. Best Richard

**The Regent's Park Conservation Area Advisory Committee
12A Manley Street, London NW1 8LT**

4 February 2019

The White House Albany Street London NW1 3UP 2018/5858/P + 2018/6345/L

Extension of existing ground floor plant room on Albany Street elevation by 28.3sqm.

Objection. The proposed extension is out-of-scale and the industrial grilles inappropriate on this important elevation of this Listed Building. The form of the grilles conflicts with the original jointing of the ceramic finish to the elevations which is a feature of the elevations
