Subject: Application 2018/2442/P, Response to Michael de Freitas's Letter

Dear Nora,

Thank you for writing to Sonya yesterday and for alerting us to the fact that Graham Kite of Campbell Reith has now asked Francis Williams of Ground and Water for further clarifications for consideration in their assessment, in an email that has been posted online.

However, Michael de Freitas has pointed out to us that Graham Kite has not here addressed any of the concerns that he personally raised in his letter to you of [21st December](#) last year. The neighbours would please like confirmation that Ground and Water has been sent Michael's letter directly and will be responding to it directly. Could you chase this up for us, please? We are worried that his letter has got lost in the system and would appreciate reassurance on this point.

As you suggested yesterday, we would also be grateful if you could please let Sonya know as soon as anything else is posted on Camden's website concerning the planning application as this will save us from checking every day.

Thank you very much for your attention.

Best wishes,

Juliet

Subject: Application 2018/2442/P

Dear Ms Constantinescu,

The Adjoining Owner and immediate neighbours for this proposed development at 1 Spencer Rise, have asked that I report to you matters of technical concern that should be forwarded to Campbell Reith for their consideration before Council decides on whether Permission for the work may be granted.

A letter is attached which can be filed and forwarded and I would be most grateful if you could, by return, confirm it has been safely received at your end.

With best wishes

Yours sincerely

Michael de Freitas
