Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:

**Flat A**  
**44 Acton Street**  
**London**  
**WC1X 9NB**

Proposal: Replacement of existing front door to residential unit (Use C3)

Drawing Nos: 30668: P01; P01 (Proposed Door Schedules); P02; Photo Schedule;  
Design & Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

30668: P01; P01 (Proposed Door Schedules); P02; Photo Schedule; Design & Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposed replacement front door is considered appropriate and sympathetic to the host building in terms of its design. It will be the same size as the existing front door and would be constructed of timber which is the same material as the existing. The existing door opening would not be altered or widened as a result of the works. Overall, the proposal would preserve the character and appearance of the host building and the wider Bloomsbury Conservation Area.

Due to the minimal scale of the works, the proposal would not impact upon the amenity of adjoining residential occupiers.

No comments have been received prior to making this decision. The site's planning history has been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act [ERR] 2013.

As such, the development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2019.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974.
