4260/WM/02 Rev 2, 4260/WM/02 Rev 2, 2702 Rev A

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan 4260/WM/03 Rev 0, 4260/WM/01 Rev 0, 4260/WM/02 Rev 2, 4260/WM/02 Rev 2, 2702 Rev A

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

1 Reasons for granting permission

The application replaces the various existing windows with double glazed timber framed windows, replicating the existing design, style and details.

A small number of windows contain glazing bars, and the section drawing indicates that the proposed glazing bar structure would provide an acceptable approach to maintain the windows' integrity. The rear elevation has undergone alterations from its original form and currently contains a mixture of both uPVC and timber frames. Following negotiation, the proposals were revised from uPVC to all timber frames to provide a better aesthetic quality and more sustainable material, appropriate to the building's age and architectural style and to enhance the building's character.

All replacement frames would sit in existing openings, as such there would be no neighbour amenity impact.

No objections were received prior to making this decision. The planning history of the site and surrounding area were taken into account.

The proposal is in general accordance with policies A1 and D1 of the Camden Local Plan 2017 and Policy 2 of the Fortune Green and West Hampstead Neighbourhood Plan 2015. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework 2019.

2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays.
