2019/0532/P	Janine Sachs	03/03/2019 18:29:15	COMMNT	<p>I live in Eton Avenue and am very concerned about traffic congestion at the corner of Eton Avenue and Crossfield Road. I cannot see where the cumulative effects of the 100 Avenue Road development has been taken into account. . I cannot see any evidence of ground water drainage assessment and the storm and foul drainage runs through the plot of 52 Eton Avenue. Evidence is needed to show how the proposed development will not adversely affect the drainage here.</p> <p>I also understand that the London Borough of Camden has a 'no basements' policy.therefore this application for a new basement is unacceptable.</p> <p>PLEASE REDACT MY ADDRESS & EMAIL</p>

The excavation will create a traffic jam at the Eton Avenue/ Crossfield rd corner and also will create unbearable noise pollution We're not prepared to suffer fro..</p>
