2019/0670/P	David Greene	06/03/2019 09:29:59	OBJEMAIL	<p>I wish to strongly object to this proposal . I am against any increase in the footprints of buidings on Fitzjohns Avenue .</p> <p>This increase is not large,nevertheless any reduction of the overall spaces between buidings on this road is to be resisted . One cannot argue that the propoal contributes to any social programme of providing housing for the disadvatage in our locality and it removes a bit of open air space setting further precedents for the erosion of the character of this area as an oasis of valuable green space in the fight against not only bad air quality but also the increasing problems of water run-off . This extension should be resisted , it is time to stop these kind of extensions in to the gardens of this road.</p>
