To,
The planning officer,
Camden council,
London borough of Camden,

Subject: planning application (change of use)

Respected sir/mam,

I am writing this letter in order to request for your kind consideration on the planning application that I am making for the change of use. I am writing this letter in regard to the property/ site: 102 mill lane, London, NW6 1NF, for the full planning application for the change of use class of the mentioned property. The property at the moment have the A1 class use but our project is to operate a massage shop for which we would require a Sui Generis class use. Thus, we needed to make a full planning application for this change of use. There will not be any alteration on the floor plan and on the site plan. There will not be any development work carried out for the property. We simply needed the change in use as the floor plan is already available for us in a layout which would suit our planned business.

I am submitting this letter along with full planning application, site location and a floor plan. I hope for your kind co-operation in regard to my full planning application and hope to hear from you very soon. Please don't hesitate to contact me for any more information.

Yours sincere,
Mr Ram Sharestha
Thai Haven Limited,
47 oakdale avenue,
Northwood, Middlesex,
HA6 1PG
