2019/1028/P	Elizabeth Bax, Covent Garden Community Association	24/03/2019 23:25:02	COMNOT	<p>The Covent Garden Community Association does not object to elongation of the side window of this commercial ground floor per se. However, we would object if the window frame were to be hinged or otherwise rendered openable. The reason for this is that the window is located in a small corridor with residential windows above it and opposite, and every sound echoes.</p> <p>We would also ask that you add a condition to restrict the level of lighting emanating at night from what will become a very large window – again for reasons of residential amenity.</p>
