

The contractor is responsible to ensure that no products are to be utilised that do not comply with relevant British and/or European Standards and/or Codes of Practice, CDMH Regulations, Construction Regulations, or which are known or suspected at the time of product selection to be defective, unsafe or likely to cause damage to the building or its contents or to be in accordance with good building practices.

The contractor is responsible for checking dimensions, tolerances, levels and references. The drawings are for information only and are not to be used for construction. The contractor may be required to provide a written statement of compliance with the drawings on site or shop drawings.

Where an item is covered by drawings to different scales, the larger scale drawing is to be worked to.

Do not scale drawings. Figured dimensions to be worked to in all cases.

This drawing and the copyrights and patents therein are the property of Baily Garner LLP and may not be used or reproduced without consent or attribution.
