Hi Graham,

Please see some points from the neighbours in relation to Ground Water. Can you please clarify if this is the case?

Would you be able to provide response to Michael's Letter before the audit is issued?

Regards,
Nora

Subject: Application 2018/2442/P, Response to Michael de Freitas's Letter

Dear Nora,

Thank you for writing to Sonya yesterday and for alerting us to the fact that Graham Kite of Campbell Reith has now asked Francis Williams of Ground and Water for further clarifications for consideration in their assessment, in an email that has been posted online.

However, Michael de Freitas has pointed out to us that Graham Kite has not here addressed any of the concerns that he personally raised in his letter to you of [21st December](#) last year. The neighbours would please like confirmation that Ground and Water has been sent Michael's letter directly and will be responding to it directly. Could you chase this up for us, please? We are worried that his letter has got lost in the system and would appreciate reassurance on this point.

As you suggested yesterday, we would also be grateful if you could please let Sonya know as soon as anything else is posted on Camden's website concerning the planning application as this will save us from checking every day.

Thank you very much for your attention.

Best wishes,

Juliet

Dear Nora-Andreea,

Thank you for your acknowledgment of Michael's letter and for forwarding this to Campbell Reith for their consideration as well as to the agent for this application.

I am wondering if we might receive a formal response in due course?

With thanks for your attention and best wishes,

Juliet Manzini
