Subject: Application for works to Honey Locust Tree at 22 Ivor Street NW1 9PJ

Dear Sirs

I am emailing to give you 6 weeks' notice of my intention to prune the Honey Locust Tree in my back garden. I am informed that communication by email is permitted and I do not have to submit the form via the national government portal as long as I provide the following information.

The application is in my name ; Joanne Rickards
Address 22 Ivor street Camden NW1 9PJ

The tree is owned by me and is located on my property, in the back garden, but its branches extend into my neighbour's garden and make it very shady. [REDACTED]

Application – is to reduce the crown of the tree in a conservation area. The tree is very tall and broad now and its roots are causing some issues in my back garden – distorting the surface of the ground. I would like to prune the tree back before the roots reach the base of my house. It also means it's very shady in my and my neighbour's garden. The height of the tree is almost as tall as my house (3 storeys). The proposal is to reduce the height and circumference by shortening the branches all around the tree. The proposal is to reduce the tree's height by 10 feet and it's branches by 5 feet.

I can upload pictures of the tree if you would find that useful.

I look forward to hearing from you.

Yours

Jo Rickards
