Subject: Application 2019/1070/P - 39 College Crescent

Dear Sir,

I would like to appeal against this application for the following issues:-

This area has become extremely busy and noisy as there is an infants school, the South Hampstead High School for Girls and a hostel all within a very short space.

The consequence of this is parking is at a premium, with private areas being used by everyone, traffic congestion and arrivals and departures from the Hostel late at night and early in the morning.

This is a one way street and often a long queue trying to move but being trapped by parked vehicles.

The Clinic would cause greater confusion with long stays at the Clinic from visiting patients and the working therapists.

For these reasons I object to this planning permission, as there must be other more suitable areas for a therapy clinic.

Yours faithfully

Michelle Cunningham (Flat 15, College Court)
