

Hi Samir,

I would like to lodge my formal objection to the planning change of use from office to therapy clinic of 39 college crescent: application 2019/1070/P. There is already a huge issue with traffic, congestion and parking in this street and the surrounding streets. I live here and I struggle to park my car regularly now and it's impossible for my visitors to find parking, so I don't think it's right for this to be changed to a clinic potentially increasing the footfall and car traffic by potentially 400 people a week visiting. Not to mention the 3 schools within minutes of this address that need parking to safely drop and collect their children from school.
