Dear Sir/Madam

DECISION

In accordance with section 60 (2B) and (2C) of the Town and Country Planning Act 1990 (as amended by section 4(1) of the Growth and Infrastructure Act 2013)

Process set out by condition O.2 of Schedule 2 Part 3 Class O of the Town and Country Planning (General Permitted Development) Order 1995 (as amended by SI 2008 No. 2362 and SI 2013 No. 1101)

Certificate of Lawfulness (Proposed) Prior Approval granted

The Council, as local planning authority, hereby confirm that their **prior approval is granted** for the proposed development at the address shown below, as described by the description shown below, and in accordance with the information that the developer provided to the local planning authority:

Address of the proposed development:
Basement and Ground Floor 1 Belmont Street
London
NW1 8HJ

Description of the proposed development:

Change of use of ground floor and basement from motorcycle repair business (B1c light industrial use) to residential (C3 use) comprising 1x2 bedroom flat.

Details approved by the local planning authority:

Drawing Nos: Cover Letter (prepared by Urban Shape Planning Consultants, dated 13/07/2018); Description of Proposed Development (prepared by Urban Shape Planning Consultants, dated 13/07/2018); Feasibility Study (prepared by Risner, dated May 2018); Planning History (prepared by Urban Shape Planning Consultants, dated 13/07/2018).

Reason for approval:

- 1 At least 28 days before development commences:
 - (a) a written programme of ground investigation for the presence of soil and groundwater contamination and landfill gas shall be submitted to and approved by the local planning authority; and
 - (b) following the approval detailed in paragraph (a), an investigation shall be carried out in accordance with the approved programme and the results and a written scheme of remediation measures [if necessary] shall be submitted to and approved by the local planning authority.

The remediation measures shall be implemented strictly in accordance with the approved scheme and a written report detailing the remediation shall be submitted to and approved by the local planning authority prior to occupation.

Reason: To protect future occupiers of the development from the possible presence of ground contamination arising in connection with the previous industrial/storage use of the site in accordance with policy A1 of the London Borough of Camden Local Plan 2017.

- 2 The developer must either submit evidence that the building was built post 2000 or provide an intrusive pre-demolition and refurbishment asbestos survey in accordance with HSG264 supported by an appropriate mitigation scheme to control risks to future occupiers. The scheme must be written by a suitably qualified person and shall be submitted to the local planning authority and must be approved prior to commencement to the development. The scheme as submitted shall demonstrably identify potential sources of asbestos contamination and detail removal or mitigation appropriate for the proposed end use. Detailed working methods are not required but the scheme of mitigation shall be independently verified to the satisfaction of the local planning authority prior to occupation.

Reason: To ensure the proper investigation and, where necessary, risk mitigation of the site in the interests of the amenities of the locality and the future occupants of the site in accordance with policy A1 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours

Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

- 3 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Planning Obligations Officer, Sites Team, Camden Town Hall, Argyle Street, WC1H 8EQ.
- 4 You are reminded of the need to provide adequate space for internal and external storage for waste and recyclables. For further information contact Council's Environment Services (Waste) on 020 7974 6914/5 or see the website <http://www.camden.gov.uk/ccm/content/environment/waste-and-recycling/twocolumn/new-recycling-rubbish-and-reuse-guide.en>.
- 5 You are reminded that this decision only grants permission for permanent residential accommodation (Class C3). Any alternative use of the residential units for temporary accommodation, i.e. for periods of less than 90 days for tourist or short term lets etc, would constitute a material change of use and would require a further grant of planning permission.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2018.

You can find advice in regard to your rights of appeal at:
