Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Page House
39-41 Parker Street
London
WC2B 5PQ

Proposal:

Insertion of two aluminium framed sash windows to the second floor of the north east elevation.

Drawing Nos: Site location plan, PAR_DR_0200 Rev B, PAR_DR_0102 Rev B, 18106-2, 18106-E.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless

otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 [and D2 if in CA] of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan, PAR_DR_0200 Rev B, PAR_DR_0102 Rev B, 18106-2, 18106-E.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposal is to insert two new windows within the north east elevation. The windows are considered sympathetic to the main building and do not differ greatly from the existing windows. The frames are to remain in aluminium and would be in sliding sash style to match the existing. The proposed changes are considered to be minor in nature and would only be seen from oblique angles therefore the alteration is acceptable in this context.

The proposed changes are considered acceptable in terms of amenity. The windows do not cause loss of privacy or outlook issues as there are already many other windows on this side elevation.

No objections were received in relation to this proposal. The sites planning history was taken into account in coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016, The National Planning Policy Framework 2019.
