Objection from: **The Heath & Hampstead Society.**

Please excuse the lateness of this objection – it has just been sent to us by an aggrieved neighbour.

We object to the following.

- 1) The front dormer is far wider than the dormer it replaces. Two smaller symmetrically placed dormers would enhance the existing well composed front elevation. The proposed large dormer detracts.
- 2) The railing around the roof terrace spoils the symmetry of the roof, will be seen from the road at this prominent corner, and should be avoided by extending the roof slope up slightly to the height required for safety and to meet the Building Regulation Requirements.

Please Refuse - unless these changes are agreed .
