2018/4019/P	Mrs Prooth	16/04/2019 07:56:58	OBJEMAIL	Please, no more basement developments in this area. It is undermining the buildings and though it does show immediately, give it 5 to 7 years before the cracks appear leading to subsidence. The other issue is drainage and the increase of displaced vermin, which attack surrounding properties. I can confirm this as one of the nearby residents that suffer each time this issue comes up.
