2019/1646/P	neil Munn	15/04/2019 12:47:31	OBJ	<p>I would like to object to this change of usage on two counts:</p> <ol style="list-style-type: none"> 1. Yet again we have a potential application that will reduce the security for Ching Court because it will affect the flow into the court via the corner gates. Currently outside office hours there is little usage of these gates but this proposal will increase the flow and allow the drug addicts increased potential access. During the day the addicts are discouraged because of the flow of workers. A shift to residential will also impact this. Overall these addicts are a big problem for safety and security which is why the gates on the Shelton St side are being changed. We do not want any more encouragement of them. 2. Residents in the new properties will overlook other flats, something that doesn't happen in Ching Court right now. <p>This change of usage will not be good for existing residents or the overall Ching Court environment.</p>
