Dear Planning Department,

re: **2019/2061/T Westfield 15 Kidderpore Avenue London NW3 7SG**

While the 'Faraday Westfield Plan 290319' has been placed on-line, the 'Westfield Tree Work Schedule 2019' giving details of the work and presumably why it is required, has not.

This document clearly exists otherwise the list of work -

Proposal

IN GROUNDS: 1 x Cherry (T200) - 25% crown reduction. 1 x Cherry (T201) - Thin crown by 20%. 1 x Oak (T7) - Prune low branches to provide 2.5m clearance to adjacent property. 2 x Rowan & 1 x Lime (G8) - Fell to ground level. 1 x Lime (T32) - Re-pollard and remove basal growth. 1 x Mimosa (T223) - Remove low hanging branches to provide 2m crown clearance over lawn. 1 x Pear (T33) - Fell to ground level and grind stump. 1 x Lime Cultivar (T108) - Remove basal growth. 1 x Eucalyptus (T216) - Reduce height and crown spread towards fountain by approx. 1m. 1 x Eucalyptus (T215) - Reduce height by approx. 2m and crown spread towards fountain by approx. 1m. 1 x Cercis Canadensis (T218) - Reduce height and crown spread towards fountain by approx. 1m.
- could not have been entered.

Please could this document be placed on-line so that local people can understand the reasons given for the four proposed fellings, and have an opportunity to object if this is appropriate.

With best wishes

Vicki Harding
