General Works to be read in conjunction with specification of works:

Walls and ceilings to be repaired as necessary using stainless steel lathing. Plaster to be reinstated using Tarmac Ticon "Limelite" renovating plaster.

All exposed previously painted woodwork and plasterwork to be redecorated.

Wall and floor finishes removed in line with structural reinforcement to be reinstated in materials to match existing

Existing skirting boards, floor boards, joinery and sanitaryware previously set aside to be reinstated following structural reinforcement works

Staircase to be fully overhauled and made structurally sound.

Helifix structural reinforcement system to be fully concealed within building fabric on completion.
