Dear Sir

RE: 14A Redington Road, NW3

No Archaeological Requirement

Thank you for consulting GLAAS as archaeological advisors to the London Borough of Lambeth on the above application for redevelopment.

Although the site lies within an Archaeological Priority Area, I am satisfied that the proposals would be unlikely to have a significant impact upon the archaeological heritage. Consequently I would **not** advise that any archaeological condition should be attached to Planning Approval if it is granted.

Please do not hesitate to contact me should you need further information. *This response relates solely to archaeological issues.*

Yours sincerely,
