Dear Planning Board -

My name is Ken Rohrbach and I am a tenant from flat 24 of [8 Newton Street](#) and my flat faces the side service street of the Hoxton Hotel as well as onto Newton Street. (Flats are situated on corners.) I am on the 6th floor of the dwelling.

Per subject project, although a door may already exist from the previous coffee shop that was located there, WHY does the hotel need a late night access on the Newton St side of the street when there is ANOTHER door just around the corner on High Holborn PLUS, as well, the main entrance which is *just a few feet further down High Holborn?*

Surely they don't need two entrances on a same corner and maybe a suggestion can be made to close up the entrance on Newton Street altogether, at least allocate it as an "emergency exit"?

It is very correct to understand that this Street is 99% RESIDENTIAL.

We look forward to hearing from you.

Regards,  
Ken Rohrbach
