Dear Mr Piggott,

18-22 HAVERSTOCK HILL, LONDON NW3

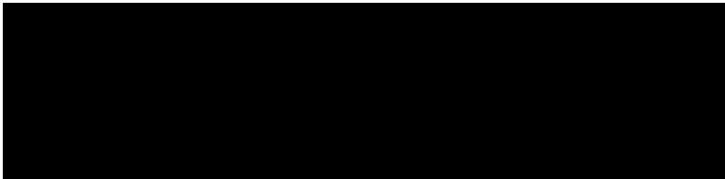

PLANNING APPLICATION REF: 2018/2179/P

Further to recent correspondence I confirm that you have appointed us to discharge the Planning Condition which requires structural monitoring of the works as follows –

"The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the local planning authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works."

I trust the above is satisfactory for discharging the relevant Planning Condition. As always, please feel free to call if you have any queries or if you require any further information.

Yours sincerely,

Duncan Mercer
MIStructE CEng MSc DIC BSc
