2019/2095P	[REDACTED]	12/05/2019 13:14:24	OBJ	I object to the proposed works planned for the building in this application. My flat backs on to the building and the proposed works are of a disproportionate nature and will have a major impact on my building as well as other neighbours. The disturbance will be prolonged with noise, dirt, dust and general disruption to what is an area full of many residents. We will lose light and privacy with the extra height of the building and the new exterior stairs.
