2019/2155/T	[REDACTED]	10/05/2019 23:36:17	OBJ	To whom it may concern. I strongly object to the unnecessary destruction of these healthy trees and shrubs. They border what is a relatively busy road, add to the appearance of the immediate neighbourhood, help to protect the local school children from high pollution levels and make a positive contribution to the character of the Conservation Area as a whole. They form a vital part of the verdant hillside gardens and spaces that characterise the area, whilst providing habitats for the various wildlife such as birds and small mammals.
2019/2155/T	[REDACTED]	11/05/2019 00:39:44	OBJEMAIL	I wish to appeal against the plans to fell to the ground 6 trees and 3 hedges at 2 Cannon Place. This is not works to trees. This is devastation. I live at 3 Cannon Place, ie opposite the property. I am already suffering from all the disruption and noise caused by the extension to the said property. Now we are to endure the removal of several beautiful trees which surround the pavement side of the property. We have had to endure the removal of some hedges to be replaced by ghastly grey fencing. The beauty of the aspect is gradually being eroded by the residents of 2 Cannon Place who seem to want the property to appear like a prison surrounded by a high brick wall. This is not what Hampstead is about. It enjoys wonderful views and glorious trees. Not brick walls and ugly house extensions. The action to fell the trees and hedges is, in my view an act of destruction by unthinking, selfish residents at the property. It is also irritating that the property is so often empty.
