Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:

**1 Pakenham Street
London
WC1X 0LA**

Proposal:

To alter an existing step and ramp within the Ground Floor structure

Drawing Nos: Heritage statement, 13 808 P01 (proposed), 13 808 SUR01 (existing),
location plan

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Heritage statement, 13 808 P01 (proposed), 13 808 SUR01 (existing), location plan

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is the interior of a late-19th-century grade-II-listed former pub on a corner plot making a positive contribution to the Bloomsbury Conservation Area.

The timber floor of the site is spanned for half its width by a step, with the remaining half linked by a ramp. The applicant wishes to box out the ramp to take the step across the full width of the site. He also wishes to extend the existing step, again using additive boxwork.

The interior has been stripped of its pub fittings. The existing step would have abutted the former bar on the public side, with the ramp being on the bar side, but surviving in isolation it is not considered to contribute to the site's significance. The proposal states that the existing floor will be retained under the new parts, so the work is additive and reversible and does not result in loss of historic fabric.

The proposed works will not harm the special interest of the grade-II-listed building. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
