FAO Mathew Dempsey

Thank you for allowing me to comment on planning application 2019/0645/P which relates to the retrospective installation of a new shop from glazing unit at 39 Camden High Street, NW1.

I have reviewed the submitted application and have no objections but have the following recommendation to make.

**Recommendation**

- As the glazing is easily accessible it is recommended that one pane of laminated glass to a minimum thickness of 6.4mm is incorporated or glazing that has been successfully tested to BS EN 356:2000 P1A unless protected internally with a security shutter or grille.

If the applicant wishes any further help or advice then I will be more than happy to be contacted.

Kind regards

Jim
