Subject: 77 Canfield Gardens - trees

Dear Nick

As just discussed:

Front of house

There are currently 4 lime trees in our front driveway.

The freehold/all leaseholders are responsible for these trees. My neighbour [REDACTED] copied, made the original application to fell one lime which was granted - ref 2018/3971/ T.

We hereby apply to pollard the other 3 limes back to original points. These 3 limes are identical to the lime referred to in the above permission.

We will then do all the work at the same time - to be done by Jamie Ryan at Treescapes. We'd ideally like to do this in June.

Back of house

I (ground floor flat owner) am responsible for trees in the back garden. I hereby apply to:
1 X Ash: Reduce height by 4mtrs,
2 X Plum, Crown thin by 25%

I attach a plan showing location of trees. Jamie Ryan will also do this work.

Many thanks
Eleanor Trunkfield
