2019/2375/P	Jeanette MacDowall	15/05/2019 14:43:11	COMMNT	This is a very bad idea. There are so many schools in Hampstead, both private and state, which causes absolute gridlock with traffic. Thus more pollution. The building should be used for the community in other ways. Ideally reinstated as a police station or community centre. Or housing for emergency services.
2019/2375/P	Leslie Louie	16/05/2019 13:57:31	COMMNT	This is an excellent used of the space which ultimately serves the community while preserving the public nature of the building. I have been a resident of Belsize Park for ten years and this was a major factor in deciding to stay in the neighbourhood after starting a family. It's a much better use for this to benefit the families of 210 children than for this building to be converted into private residences for only a fortunate few.
2019/2375/P	Ms Kit Mee Lim	15/05/2019 21:30:05	OBJ	<p>There are already so many schools in the area; this has already caused lots of congestion and pollution. Adding another one will add to the problems. Given its proximity to the Royal Free hospital, would an ambulance be able to get out quickly of the surrounding roads which are all quite narrow? Living in the area until a few months ago has made me realise how dangerous it is to drive around the area especially during school pick up and drop off time as drivers are impatient with them being held up. Additionally, I find crossing the residential streets around the area hazardous as drivers are not looking carefully as they look for surrounding residential roads to get out. Even though there are signs of 20 Mph and also those marked slow down on the roads, many do not adhere to these warnings. It will be too late if someone else got killed. Is there a limit to the number of school students per square metre of space in any area?</p> <p>I left the area because I feel that it is too polluted during certain times of the day and it does not feel residential in the least during these school hours of chaos which rules your life as I have to plan not to leave or arrive home during certain hours or even go out!</p>
2019/2375/P	Mairead Bergin	15/05/2019 16:21:33	OBJ	We have enough schools in Hampstead

2019/2375/P	Roger Hayhurst	15/05/2019 20:43:54	OBJ	<p>I should like to object to the conversion of the old Hampstead Police Station into a 210-pupil school.</p> <p>My objection is to the pavement, parking and road congestion that this school will create.</p> <p>As can be seen in Fitzjohns Avenue, the majority of children are dropped off by their parents by car. The majority of parents insist on dropping children as close to the entrance as possible. The congestion that this additional traffic will worsen an already congested area. There are only three approach roads: Hampstead High Street, Rosslyn Hill and Downshire Hill.</p> <p>The lower half of Downshire hill is so narrow that it is virtually a one-way street. The additional traffic created by a new school at the top will result in impossible congestion for residents.</p> <p>Similarly, Hampstead High Street is congested almost all day, particularly due to the narrowness of the lower half. It is already very difficult for buses or any large vehicle to negotiate their way through with stopping and waiting for someone else to open a gap. Again, increased traffic due to the school will worsen an already bad situation.</p> <p>Access from Rosslyn Hill, on the other hand, is generally clear.</p> <p>However, whichever way that the cars approach, there is nowhere for them to stop and drop kids. The only solution would be to double park either on Downshire Hill or on Rosslyn Hill. They are both wide roads within 100 metres of the school but there are never any available parking spaces so they would all have to double-park. The experience of Fitzjohn's Avenue in the morning and afternoon should convince the Camden of the folly of allowing that to occur in central Hampstead - a far narrower and more congested area.</p> <p>I object strongly to this development. It would be severley detrimental to the area.</p> <p>Thank you Roger Hayhurst</p>

2019/2375/P	Ian Smith	15/05/2019 17:07:41	COMMEMA IL	We don't need another school in Hampstead, they already can't giveaway the state school places here. This needs to be in an area a school is needed.

2019/2375/P	Sebastian Wocker	15/05/2019 12:05:25	OBJ	<p>I object to the use of Hampstead police station as a school on various grounds.</p> <ol style="list-style-type: none"> 1. The area is already overrun with schools. 2. The area is overrun with crime and needs its police station. 3. Despite promises to keep it's school run 'clean' the school will add to considerable traffic disruption. 4. It is a public building paid for by public money. A section of this plan is for commercial use. It is a waste of public money. 5. The main road is not appropriate for a school.
