2018/2415/P	Guy Ziser	19/05/2019 13:32:27	SUPC	The Applicant consulted me as the freeholder of the neighbouring site at 43-45 Fitzjohns Avenue including 43a Fitzjohns Avenue. Overall I support the proposals, the applicant has an excellent track record of restoring and redeveloping period properties to a very high standard, the plans for 39 Fitzjohns are well thought out. I believe they will result in a successful scheme. I had reservations about overlooking from the two terraces at the north west corner of the site, the applicant considered these and suggested adding privacy screens to ensure privacy into 43a Fitzjohns Avenue is maintained.
