2019/2491/L	Kim Mendoza	19/05/2019 12:25:59	OBJ	We live directly opposite and the traffic, noise, pollution and congestion at morning & evening rush hours is already putting us in a position where it is difficult live healthily. A project of this size within a few yards of us will push these dynamics over the edge and make Hampstead an unbearable place to live. There are so many schools already in close proximity and there is no necessity for this new one to be located here. I urge that this project be prevented from coming to fruition for the good of local residents.
2019/2491/L	Jenny Stevens	20/05/2019 12:12:00	OBJ	I object to the change of use for this site. The school in questions does not serve this area which is already massively over served with private schools, and serving Belsize Park children will only lead to an impossible increase in parental traffic at school runs times. Hampstead is already choked with school run traffic. Whatever the applicant says about managing this and holding down student numbers is not to be relied upon. If given planning permission there is no way the Council can control school rill numbers or the insistence by parents on driving children to and fro. There are umpteen better uses for this building and yet another school is not one of them. Please refuse.
