2019/2375/P	Ada Blum	18/05/2019 21:28:46	OBJEMPER	I disagree with this proposal. This school will create more traffic and pollution especially as the location of the school is not even in the catchment of the school which means pupils will travel by car. If this was to be turned into a school it should be for people in that area.
2019/2375/P	Vicky Gooders-Graham	18/05/2019 13:32:57	OBJ	We do not want another school in our residential neighbourhood. There are already enough schools in this area. The traffic on this road is already at a level that is severely congested and another school will make it a lot worse.
2019/2375/P	Helena Harris	17/05/2019 15:04:35	SUPPLETTER	<p>I am a parent who has joined Abacus Belsize Primary school this year. Soon I will have all three of my children at Abacus.</p> <p>I have found Abacus to be outstanding and provide exceptional services.</p> <p>Abacus has formed a strong parent to teacher network and proven "they deliver for what they believe in" .</p> <p>Abacus is an established school in the area. It has rapidly become very Popular and successful.</p> <p>It is, and always has been, a single-form-entry school with a maximum of 210 pupils from what I understand.</p> <p>It has been in temporary accommodation for six years –</p> <p>We feel the former Police Station will make an ideal permanent home for the school.</p> <p>From what I understand The school has always had a car-free ethos. Staff, parents and their children are all committed to walking to school, or using public transport – We completely support a car free ethos.</p> <p>Our children and the children of Abacus Belsize Primary shows bright potential present and for the future learning.</p> <p>We genuinely hope Abacus Belsize Primary school will be based at the Old police station so our children are situated closer to home.</p>

2019/2375/P	David	17/05/2019 15:06:17	COMMEMORIAL	Great to see a disused public building remain a public building for the benefit of the community
2019/2375/P	Dan Ziv	17/05/2019 15:27:03	COMMENT	I fully support this application and the school! This is an amazing school that is very much needed and with wonderful teachers.
2019/2375/P	Adam Gelbart	20/05/2019 13:00:32	COMMENT	Fully support this revised application. It addresses valid community concerns (traffic, noise, integrity of the building) while providing a permanent home to educate and grow our most important community 'asset': our local children.
2019/2375/P	Kim Mendoza	19/05/2019 12:29:05	OBJECTION	<p>We live directly opposite and the traffic, noise, pollution and congestion at morning & evening rush hours is already putting us in a position where it is difficult live healthily. A project of this size within a few yards of us will push these dynamics over the edge and make Hampstead an unbearable place to live.</p> <p>There are so many schools already in close proximity and there is no necessity for this new one to be located here. I urge that this project be prevented from coming to fruition for the good of local residents.</p>

2019/2375/P	Yasuko akiyama	17/05/2019 22:58:57	COMMNT	<p>School is the heart of the community.</p> <p>We think there is lack of non religious school in the area. Our daughter couldn't get in any non religious school. Now we have to commute to archway. Some people say that there are too many school in Hamstead. Yes but they are either religious or private school.there are not so many non religious school. As a parent, I believe it is also my duty to raise my daughter to be part of community. I would like her to grow up with friends, to be kind to neighbor as well as live with nature.</p> <p>I believe all the children should have local friends. Because parents are non religious, it is unfair that belsize and Hamstead children has to go to school far way. Also I don't think it is good for the community. This doesn't connect people.</p> <p>Children are big part of community. They need to learn to help and learn in the community.</p> <p>I believe abucus is the school to help children to grow not only academically as well as very thoughtful person for community as well as nature.</p> <p>People say there are so many school in Hamstead. But a lot of them are private.</p> <p>I know the community are sick of people picking up the kids. I believe making local school means less car driving in belsize and Hamstead. Because they don't need to travel instead of going far way school like archway.</p> <p>Let our children to be the part of community.</p>
2019/2375/P	Dorene Niotakis	20/05/2019 14:19:36	SUPNOT	As a long standing Belsize Park resident and as parent, I am in full support of the site being used as a school. It will it serve the local communities well, not just the school community.
2019/2375/P	Elena Ciallie	20/05/2019 14:44:08	COMMEMPER	<p>This application has been repeatedly discussed and it is disheartening to see it keeps coming back. The area is unable to support the additional car traffic and related pollution inevitably caused by a primary school.</p> <p>The proposers have been unable to prove that there is a local need for the school and therefore the building should be put to a different use</p>
2019/2375/P	Cigdem Akkaya	17/05/2019 14:51:22	INT	This is a great school which would be an asset for Hampstead community and the area which is full of good private schools but very few state schools.I believe Therefore permission should be given for full planning permission.
2019/2375/P	Marc Mendoza	19/05/2019 12:24:43	OBJ	<p>We live directly opposite and the traffic, noise, pollution and congestion at morning & evening rush hours is already putting us in a position where it is difficult live healthily. 2019/2375/P	Isabelle hargreaves	20/05/2019 15:14:05	COMMNT	There are too many schools in Hampstead causing too much traffic in the centre, hence really high level of pollution from fumes and traffic noise. Having an additional school hosting hundreds of students will only make things worse. I strongly oppose to it.
2019/2375/P	Lucas Lacasa	18/05/2019 09:40:12	SUPPRT	This is a fine proposal and as a member of the community and resident in this area I fully support it. Transforming our old police station to a much needed school will definitely make a huge positive impact in the area and it will be a nice service to our community.
