2019/1108/P	Gavin Drage-Smith	23/05/2019 16:18:38	OBJ	I wish to object in the strongest possible terms to this planning application. This is on the basis that the proposed extension will result in a 80-100% reduction in light to both the bedrooms in our property, significant overlooking of our property from proposed residential and commercial space, potential light pollution
2019/1108/P	Niall Downing	23/05/2019 09:47:01	OBJ	<p>A a resident of the adjacent building, Summers Street Lofts, the building proposal adversely affects us in the following ways:</p> <p>A general loss of light combined with unnecessarily overbearing architecture. The proposal does not respect the character and the setting of the buildings here and without doubt would lead to an over-development of the site.</p>
