Subject: 2019/2756/T - Request to reduce holly tree at 32 Langbourne Avenue

Dear sir/madam

I'm writing to request permission to reduce the holly tree in my back garden. I already received permission recently to reduce a eucalyptus tree in the back garden (**2019/1865/T**), and the tree surgeon recommended reducing the holly tree at the same time.

Application type:

Notification of Intended Works to Tree in a Conservation Area

Description of works:

Rear garden 1 x holly - crown reduce height 33% (up to 2.5m) reducing spread to balance to give compact form

Address:

32 Langbourne Ave, London N6 6PX

Please let me know if you need and further information, and about the next steps.

Yours sincerely

Jonny Protheroe
