Subject: Re Application 2019/0546/P

Dear Rachel English,

This is a follow-up to my telephone conversation with you this morning.

I have been trying to access the plans for Planning Application 2019/0546/P but the system will not at the moment function to permit me to do this.

As far as I can see from the notice posted outside my flat, the plans for a two-storey extension to 529C-529D abut directly on the back 2 Ingham Road, the property of which I am a part-freeholder.

I am extremely concerned that such an extension would be an invasion of the privacy of all the 3 flats in this building, as well as overlooking a number of gardens in Ingham Road and blocking out light.

As I cannot yet access the plans, I wish to give notice of my concerns until such time as I can see the proposed plans.

Best wishes,
