Dear Jonathan,

Please find attached our comments regarding 2019/1998/P and 2019/2370/L for refurbishment and alterations of Elms Lester Painting Rooms for continuing office use at 1-5 Flitcroft Street London WC2H 8DH.

While we do strongly object to a few elements of the proposals, we are supportive of many of them. We hope that our comments are helpful and that you will be able to incorporate our suggestions into your decision for this important building.

We have not been able to submit our full comments via the planning portal because of the short character limit that was coded-in when the website was partially re-vamped in early April. We understand that the IT team is working to resolve this, but unfortunately it seems to be taking a while. So there is more work for us in formatting a letter, and more for you in uploading it. Any help that planning officers are able to give us to get this sorted out soon would be much appreciated.

With good wishes,

- Amanda.
