| 2019/2491/L | | 30/05/2019 12:55:09 | OBJ | <p>I strongly object to this change of use application. This school is meant to serve the Belsize community so it's situation in Hampstead makes no sense. The school will leave Belsize under provided for and will cause an over provision in Hampstead, leading to duplication of services, impact on rolls and a waste of resources. The school will have a detrimental effect on the existing schools in the area. The school will have a significant impact on traffic in an already very congested area, increasing the volume of traffic, the pollution in the area and increased danger for pedestrians. Air pollution levels are already dangerously high in this road. The school will not be able to enforce their car free policy in any meaningful way and local residents will bear the brunt of the impact. This school is not needed in Hampstead and therefore there is no justification for this change of use. Changing the character of the building will have a negative impact on the existing historically harmonious area.</p> |
