Dear Sirs,

**St Paul's CE Primary School, Elsworthy Road, Primrose Hill, London NW3 3DS**

This application is for an installation of a temporary portakabin in the front car-park.

St Paul's CE Primary School is a Voluntary Aided Primary School in Elsworthy Road, NW3 3DS.

The school is outside the Elsworthy Conservation Area.

At the front of the school there is a car park where the school would like to place a temporary portakabin as an additional teaching space/breakout room.

The school envisage having the portakabin for a period of 2 years to provide temporary additional teaching space while working on more permanent solution.

The newly created space will be used for speech therapy meetings, core group meetings (social interventions), 1:1 tutoring, art therapy sessions, any sensitive meetings with families and so on.

Currently due to lack of additional space the school cannot properly deliver interventions and support to children without displacing other groups/activities in the school. This is clearly explained in the attached letter from the Headteacher of the school.

The following documentation form part of the application:

- Site location plan (drawing number SPS2-EX00)
- Existing site plan (drawings number SPS2-EX01 & SPS2-EX02)
- Proposed site plan (drawings number SPS2-PP01 & SPS2-PP02)
- Existing & Proposed street view (SPS2-03 & SPS2-04)
- Specification drawing from PORTAKABIN
- Letter from the Headteacher to the Planning Department
- A copy of a letter from the Headteacher to the neighbours
- Cover letter

Yours faithfully

Kasia Whitfield
