These do not comply with the Inspector's ruling (following the public appeal) which stated that above-ground the new building should be the same as the old bungalow: specifically red roof tiles, red wall tiles.</p> <p>2. Please confirm that the Planning Department will review all the detailed window/door drawings as they are extremely technical, before they are signed-off.</p> <p>3. At the Appeal it was agreed that the proposed (at that time) modern wooden gates (facing the road) would be replaced by wrought-iron gates that were in keeping with the others along the road. Please confirm that this requirement is being met.</p>
