2019/1648/L	N. Haag	10/06/2019 23:03:23	COMMNT	I am co-chair of the GT street association. We have received a number of expressed concerns to ensure that the cleaning and repointing etc is done sensitively in sympathy with the rest of the G2* listed terrace. We have no objection to the proposed plan but would wish ideally to ensure that, as proposed, a trial area for cleaning and repointing is made a condition of consent.
