2019/2868/T	Coral Temple	06/06/2019 11:16:20	OBJ	This tree is NOT diseased. This a conservation area. There is absolutely no grounds upon which a healthy tree should be chopped down and the stump poisoned. We need every single mature tree in this location. As we all are aware Camden is one of the most polluted boroughs in London and we need trees to combat this and make the air quality sustainable for human life.
