Subject: Objection Re Application No: 2019/1991/P

Dear Adam

I wanted to place on record the objections and issues we see with the planning application 2019/1991/P)

Main issues:

1. Incomplete and inaccurate details provided so far; missing sunlight and daylight assessment and analysis on loss of garden space (Camden Planning Guidance on Amenity (March 2018).
2. Loss of amenity and privacy
3. Loss of light and overshadowing
4. Loss of so much of the garden (more than 50%).
5. Would cause harm to the character of the conservation area, contrary to Redington Frognaal Guidelines RF1 and RF 23 to RF 24.
6. Consent of freeholders of 226 Finchley Road was not obtained and concerns raised by freeholders regarding impact of extension on communal area and drainage.

Can you please confirm receipt of this objection?

Thanks
