To: Fowler, David [REDACTED]

Subject: Police Station Hampstead

Dear Mr Fowler,

I live at 22 Rosslyn Hill adjacent to the Police station which having had an initial planning application by Abacus for conversion to a school, unanimously turned down by the Council, is now the subject of a further application for initially, a smaller school.

I must register with you my strongest possible objection to this proposal for all the reasons I know have been sent to you by Mr Tod Berman and endorsed by literally hundreds of local residents. In summary the objections cover. Cost, Location, Pollution, Noise, Serious traffic congestion and the danger of increased accidents on one of the most dangerous junctions in the area.

I sincerely hope that you will take these objections into consideration and again refuse this application.

Yours sincerely
John Spearman.
