Dear Sir/Madam

Address:

**72 Compayne Gardens
London
NW6 3RY**

Proposed Work:

REAR GARDEN: 1 x Laurel (T1) - Reduce crown by approx. 30%.

1 x Oak (T2) - Reduce crown by approx. 20% and thin crown density by 20%.

1 x Lime (T3) - Thin crown density throughout by approx. 20-25%, judiciously reduce lateral branches by up to 20% as required to control encroachment.

Group of self sown Sycamore & Ash (G1) - Overhanging from naturalised land behind the rear boundary. Reduce overhang by 1.50-2.50m, back to as near to the boundary as is practicable from ground level with extended pole pruners.

The Council has considered your notification of intended works to trees dated 03 June 2019 and does not wish to object.

Informative(s):

- 1 This notice is valid for 2 years from the date of this letter or until the work is completed, whichever is the sooner.
- 2 You are advised that the appropriate standards for tree work are set out in BS 3998: 2010. Failure to ensure that the proposed works are carried out to these

standards may result in damage to the tree(s) and may result in legal action by the Council.

- 3 Please note that any approval given by the Council does not give an exemption from the requirements to comply with the Wildlife and Countryside Act 1981 (as amended), or any other Acts offering protection to wildlife. Of particular note is the protection offered to bats, birds and their nests from construction works. For further information contact Natural England on 0300 060 4911 or www.naturalengland.org.uk.

Yours faithfully
