Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
29 Rona Road
London
NW3 2HY

Proposal: Alteration to ground floor rear doors and installation of bay window to rear wing.
Replacement of remaining existing timber rear window and door frames

Drawing Nos: Design Statement, 001, 002

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in the materials specified on the approved drawings

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 001, 002

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission

There are a wide variety of window and door opening types, as well as extensions and alterations at ground floor level along the adjoining terrace. The proposed replacement of the existing rear facing French doors with enlarged metal doors would not be visible to the street and would not significantly impact the appearance or character of the host building. The proposed side facing 0.3m projecting box bay structure would be situated within the side return and would have low visibility to its surroundings.

Overall the proposals are considered to preserve the existing character of the surrounding Mansfield Conservation Area.

Given the proposals would replace existing ground floor level window and door openings they would not result in significant new impact on neighbour amenity.

No objections were received prior to making this decision. The planning history of the site and surrounding area were taken into account.

Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
