Dear Mark

**Re: 2019/1859/P – 20 Countess Road, London, NW5 2NT**

Please find attached the amended drawings for 20 Countess Road. The rear dormer has now been removed and the front and rear veluxes will remain in their current positions. The wrap around extension had been removed and replaced with a more traditional lean-to extension built in-line with the current closet & with a much reduced footprint. The style of this extension is more in keeping with the local vernacular being constructed of reclaimed London stock brickwork and a natural slate roof.

I do hope that this will be acceptable & do not hesitate to contact me if you require further information.

Kind regards

Richard
