2019/2263/P	Pierre-Antoine Boulat	21/06/2019 18:52:43	INT	<p>My son and his wife along with their 15 month old baby rent the garden flat at 19 Frognal which is immediately I just sent adjacent to the site. My wife and I often go to to babysit the little one and we like to sit in the garden just like the parents when the weather permits. We strongly object to the years of nuisance that the building of a 3 bedroom house would occasionnate. The application is not in keeping with the policies on green space of Camden. The one level no car application is greenwashing in the extreme. It makes no sense to allow the building of a dwelling in the landlocked garden section. This planning application is senseless and should be rejected.</p>
